The end of Secondary School can be a very busy and stressful time, full of deadlines and demands trying to make you smarter, stronger, and better. This list was compiled for exactly the opposite reason: to offer you a source of fun, inspiration, and relaxation! We have tried to include high-interest, low-stress English-language books in a variety of genres, formats, levels, and subjects. Remember, your are not required to read any of these, so just relax and read whatever you like!
